

SOILED ERMINE

A Colorado Judge Dragged in the Dirt

RESCINDED AN ORDER

Committing a Town Marshal and Sheriff to Contempt, an Offense for Which He Had Hauled Up All His Colleagues.

Denver, Oct. 2.—The spectacle of a member of the judiciary being dragged about by a mob and forced to rescind an official order ended a day of turmoil today at Adams county, the county seat of Adams county, adjoining the city limits of Denver. A. H. Guthrie, county judge, hauled the mayor, marshal and members of the town board before him this morning and delivered a lecture to them for their alleged failure to enforce the ordinances against gambling and Sunday liquor selling. Following this he ordered the sheriff and marshal to gather the slot machines in the town of Brighton and when they appeared later with the report that they could find only one, Judge Guthrie deputized two men to arrest them for contempt. In the meantime both the sheriff and marshal disappeared. The report of the judge's action concerning the two peace officers spread through the town and caused much excitement.

Citizens began to gather on the streets and fearing for his personal safety Judge Guthrie boarded a Union Pacific freight engine as it was pulling a train slowly through the town. He ordered the engineer to uncouple the engine from the train, it is said, and run to this city with him, threatening legal action unless the engineer complied with the order. The latter refused to obey the demand and while they were discussing the matter a mob gathered around the engine and Judge Guthrie was dragged from the cab. He was told that he must rescind his order of arrest against the sheriff and marshal and upon being assured that he had already done so, the judge was released and allowed to proceed to this city on a passenger train later. Judge Guthrie has been at war almost constantly with the other county officers since his administration began about a year ago and has had the officials and members of the bar before him time and again for contempt.

THE CARTER CASE AGAIN

Testimony Before Special Examiner Damaging to Defendant.

Chicago, Oct. 2.—At a hearing of the Carter case before Special Examiner Wyman today the government attorneys introduced Captain Carter's official reports made to his superior officer to show that he was on duty in Savannah throughout the month of January, 1903, when as a matter of fact he was in New York January 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 17.

"I was in New York on the days mentioned, but did not report the fact in my official statement although my superior officer knew I was absent from my station," replied Captain Carter.

Records were produced showing that Captain Carter disbursed \$29,000 to the

FOR SALE

A very highly improved ten acre tract, two story brick and frame dwelling, good well and pump (Myers) and fixed for wind mill—splendid shade—all in alfalfa—orchard of 35 trees, etc. Grand canal water—\$1500 if taken soon. This is very, very cheap and will bear investigation. Only two miles north west from Phoenix, Ariz.

E. J. BENNITT
16 North Center Street.

THE AMERICAN THROWN.

Tom Jenkins Defeated the Sultan's Wrestler.

London, Oct. 2.—Ahmed Madral, the Turk, defeated Tom Jenkins, the American wrestler in two straight falls this afternoon. The match, which was catch-as-catch-can was for \$500 a side and a purse of \$750.

The Turk who is both taller and heavier than the American had all the advantage. He secured the first fall in nineteen minutes and forty-eight seconds and the second fall in twenty-two minutes and forty-six seconds.

THE M'KINLEY MONUMENT.

The Corner Stone to be Laid November 16.

Canton, Ohio, Oct. 2.—The executive committee of the McKinley memorial association announced today that the corner stone of the monument would be laid Nov. 16, by Justice Day.

The trustees of the association, are expected to be present but there will be no formal demonstration. That will be reserved until the dedication of the monument when President Roosevelt and other noted men are expected to be present.

THE SUNDERED KINGDOM

Further Arrangements for the Release of Norway.

Stockholm, Oct. 2.—After the king's speech from the throne had been delivered at the opening of the Riksdag today, the government introduced a motion requesting the house to approve a proposal that the arrangements entered into between Sweden and Norway should go into force from a date, which was left blank, when Norway took similar action.

As soon as the Karlstad agreement is sanctioned by the Riksdag and the Storting the king will submit a proposal authorizing the dissolution of the union and conferring on his majesty full power to recognize Norway as an independent state. When this is done the treaty of Karlstad will become binding.

THE PATRICK CASE UP

Former Senator D. B. Hill's Extraordinary Brief.

Albany, N. Y., Oct. 2.—The case of Albert T. Patrick, who since March 26, 1902, has been under conviction for the murder of the aged millionaire, William Marsh Rice in New York City in 1900, came again before the court of appeals today in an aspect as remarkable as any of the previous phases of this case, which throughout has been one of the most extraordinary in the criminal history of this state.

Patrick's counsel, former Senator David B. Hill, presented a brief in support of his motion for a re-argument of the case, which was decided against Patrick by the court last June by a vote of four to three. In the course of his brief he points out that a son of

MOVING WEST

Insurance Crookedness Develops in Chicago

A BANKRUPTCY SUIT

Against the Western Life Indemnity Whose General Manager Is Declared by the Bill to be the Chief Beneficiary of the Concern.

Chicago, Oct. 2.—Individual bankruptcy proceedings were begun today against E. I. Rosenfeld, manager of the Western Life Indemnity company, already the subject of much investigation on the part of several policy holders, and if the new move meets with success, Rosenfeld will be compelled to testify concerning his interests in the Western Life Indemnity company.

The involuntary bankruptcy proceeding against Rosenfeld, individually, was filed in the United States district court by Attorney Solomon Levison for the complainant, while Judge Kohlsaat in the United States circuit court was hearing arguments by Attorney Isaac Mayer, defending Rosenfeld, General Moulton and the insurance company, against an accounting of the appointment of a receiver for the insurance company and the reference of the entire difficulty to a master in chancery.

Rosenfeld was described as a "trafficker for his own personal profit and in utter disregard of the rights of the policy holders" in an intervening petition presented before Judge Kohlsaat, in federal court today. Rosenfeld is charged with making \$50,000 of his purchase of a contract as general manager, and the assets of the company are set forth as vastly smaller than its liabilities. The security life and annuity company, with which it is proposed to merge the life indemnity is declared to be a "small concern which has no sufficient strength and financial ability to perform the policy contracts of the indemnity company."

The intervening petition was drawn in behalf of Mrs. Ida Stratton, widow of James Stratton of New Orleans, who, it is alleged holds an unpaid death certificate for \$4,000 against the indemnity company. The assets of the company are set down on the first of the year as \$188,000 and are said to have dwindled under Rosenfeld's management until they are now but \$113,000.

The bill asserts that there are thousands of outstanding policies amounting in the aggregate to \$13,000,000. It asserts that the assets of the company are nowhere near sufficient to pay the liabilities. It asserts that since May last, Rosenfeld had refrained from sending to policy holders the customary monthly statement regarding the condition of the mortuary fund.

"The intervening petition," says the bill, "would mean the transfer of the members and assets of the Western Indemnity Life to Rosenfeld." It is alleged that under the law the Security and Annuity company has no right to assign the contracts of the Western Indemnity company and that the death claims under such a transfer would be null and void.

THE PHILIPPINE STORM.

Washington, Oct. 2.—In a cablegram given out at the war department today the governor general of the Philippines gives the latest reports of the disastrous storm that swept those islands on September 26. The despatch says that 27 men perished on the coast guard cutter Leyte, and that the reports of damage wrought by the storm are generally discouraging.

THE COMPANY'S CONDITION.

Chicago, Oct. 2.—State Insurance Examiner Fritts has made his report on the condition of the Western Life Indemnity company at the close of business Aug. 31. The gross assets he found to be \$274,944; total liabilities and deductions, \$151,463; the balance for protection of contracts, \$223,481.

A POSSIBLE SETTLEMENT.

Chicago, Oct. 2.—Wm. H. Stead, attorney general of Illinois may now take complete control of the investigation into the affairs of the Western Indemnity Life Insurance company and bring about a settlement which will be agreeable to the policy holders. While arguments for the appointment of a receiver for the company, and for an accounting were in progress before Judge C. C. Kohlsaat in the United States circuit court today, Attorney Walter W. Hawk, who represents a number of alleged unpaid policyholders, declared that a movement is on foot whereby the policy holders and officials of the company will each place in the hands of the attorney general all of the charges and information concerning the company. Two new intervening petitions were presented here.

THE DOOMED ALAMEDA

The Rocks Eating the Pacific Liner Away.

San Francisco, Oct. 2.—The steamer Alameda's engine room is filled with water and she is flooded between decks. Expert divers have discovered that the vessel's plates have been torn away in many places and that it will be impossible for the pumps to overcome the inflow of water.

The greatest injury sustained by the Alameda was at the point where she first struck the rocks. Since then the tides have redoubled the strain upon her plates and torn her bottom hopelessly so that the engines are at last engulfed and the chances of rescue materially lessened. It is the opinion of experts who have examined the wreck that the Alameda will go to pieces in a short time.

The freight that is now being saved is for the most part undamaged. The forward hold has been held clear of the water thus far and the underwriters will be able to record a substantial saving from this point. The after hold is for the most part submerged and the freight may be a total loss.

A NEW KIND OF A BANK

A Financial Experiment to Be made in Chicago

Chicago, Oct. 2.—Chicago capitalists today gave to the financial world something claimed to be distinctly novel when they opened a new institution to be known as the Mutual Bank. The new institution is asserted to be the first of its kind in the country which, organized under existing laws as a bank, and owned and operated by stockholders, divides its profits equally with its savings depositors. The Mutual profit sharing plan under which the new bank is to be operated, between the stockholders and savings depositors after the usual guaranteed 3 per cent semi-annual dividend has been paid to the savings depositors and three per cent has been distributed to the stockholders. This profit-sharing goes to the point where if at any time the management of the bank desires to carry any surplus out of the earnings to the profit and loss account it must be done out of the stockholders' share of profits, and not from that of the depositors.
